

EPWL "LOGISTIC" PALLET-WEIGHING FLOOR SCALES SERIES

EPWL with optional column

NOTES: weight indicator is suitable for installation on the table, column, wall or attached to the structure.

DIMENSIONS mm

Values in mm

Quick and accurate pallet weighing scales, easy to use and transport. Integrated extractable weight indicator complete of stretchable connection cable which may be easily positioned according to one's weighing requirements. Functions with a built-in battery with extractable drawer for easy substitution. The automatic multirange capacity allows the maximum accuracy on the lower weight values, maintaining the same load capacity. Available also in dual range APPROVED version, for legal for trade use.

MAIN FEATURES

Weight indicator with support bracket having an adjustable inclination, for use on the table, column, or wall.

LCD 25mm backlit display with 6 high contrast digits and icons for indication of active functions.
