GEDA® REMOVAL HOIST

GEDA REMOVAL HOIST

The GEDA Removal Hoist puts an end to cumbersome carrying of bulky furniture or heavy moving boxes through small staircases.

Three different variants are available, which can be used individually depending on the situation on site. The transport professional is available in the following versions: "GEDA Removal Hoist 200 Standard", "GEDA Removal Hoist 250 Comfort" and "GEDA Removal Hoist 250 Perfect".

Depending on the type, the hoist transports up to 250 kg quickly and safely up to a maximum height of 18.3 m.

All models have a small footprint – during transport and during use. Narrow pavements or tight courtyards are no problem for the GEDA removal lift.

If particularly delicate pieces of furniture or removal goods have to be transported, we recommend using the "GEDA Removal Lift 250 Perfect". The hoist is equipped with a special soft start feature which ensures particularly gentle transport.

Technische Daten:

	250 kg
	18.3 m
	0-15-30 m/min
	1.5 kW/230 V/ 50 Hz/16 A
